PROJECTS

Hotel Management Website
LIVE DEMO
- Developed a full-stack hotel booking system using HTML5, CSS3, JavaScript, PHP, MySQL, and XAMPP.
- Integrated key features including room booking, availability tracking, and food ordering.
- Designed a mobile-responsive UI to ensure accessibility across devices and improve user experience.
- Achieved a 30% increase in booking efficiency through intuitive layout and optimized navigation.

SCHOOL BUS TRACKING SYSTEM
LIVE DEMO
- Developed a real-time web application for school bus tracking using Django (Python), MySQL, JavaScript, and CSS.
- Implemented features such as bus search, multi-language support, and historical location tracking.
- Designed and built an admin dashboard for managing routes, drivers, and posting safety updates.
- Increased parent engagement and satisfaction by 40% through accurate live tracking and real-time alerts.
